13 The high cost of establishment under ~~which~~ the City Improvement Trust Board is mostly to be accounted for by the fact that the bulk of the salary of the Chairman and one half of the pay of the Engineer are debited to the Trust Board In respect of these two items, there will be no real saving by amalgamating the Trust Board and the Municipality The Municipal Council, with its changing politics, will not be able to pursue a steady and consistent policy Their attitude towards the Palace and Government is not such as to ensure smooth working

14 The establishment charges of the Trust Board may, however, be reduced by the following means --

(1) The Municipality may be requested to meet one half of the Salary of the President the bulk of whose work relates to the Municipality

(2) Three Sub Overseers may be retrenched

(3) The highly paid draftsman attached to the Trust Board office may be replaced by one on a smaller salary

(4) Of the clerical force, four or even five hands may be retrenched, including the Office Manager

15 Some substantial reduction was made some-time ago by the substitution of an Asst Engineer for an Executive Engineer and by

dividing the salary of the former between the Municipality and the Trust Board

16 The places of two Sub Overseers were left unfilled and the clerical strength was reduced by three hands Further reduction was not possible owing to the difficulty of finding employment for the men thrown out But now there is an exceptional opportunity for absorbing them in the establishments sanctioned for High Level Channel Project Mr Seshachar told me that there would be places for the Sub Overseers, Draftsman and also Accountants all of whom are familiar with the Public works system

17 I beg to recommend that reduction of the staff on these lines may be effected and the question of amalgamating the two Bodies dropped for the present

Dear Mr. Kuppuswami

Will you please refer to my letter No.L.20 dated 2nd July 1927 calling for proposals in the matter of amalgamating the staff of the Trust Board with that of the Municipality. It is possible that there will be difficulties in the way of effecting such amalgamation under present circumstances. ~~I am therefore to suggest~~ If this proves to be the case, I am to request you to furnish your opinion on the following alternative proposals which are intended to bring down the establishment charges of the Trust Board to a moderate figure --

(1) ~~The Municipality to meet one half of~~ Increase of the State the salary of the President-Chairman the net financial result to me
(2) Reduction of three Sub Overseers on the executive staff
(3) Retrenchment of four clerical posts, including that of the Manager
(4) Substitution of a less highly paid Draftsman.

I am to state that your views on the above points may be communicated at a very early date and to add that officials that may be thrown out, on account of the proposed retrenchment, will be found places in the establishment that is being sanctioned for the Krishnaraja Sagara High Level Project.

Sir

In continuation of correspondance ending with my D O No 90 dated 22nd July 1927 re the question of the retrenchment of the Trust Board Establishment I have the honour to submit herewith a statement showing the proposed reduction

2 As more than half the time of the Chairman is devoted to Municipal work it is only right that the emoluments of the officer should at least be borne equally by the Trust Board and the Municipality and such a distribution is made in the statement subject to the confirmation of the same by the Municipal Council

3 To secure as much savings as possible it is proposed that two Clerks (one in the first grade and one in the 2nd grade) and a Senior Sub-Overseer be retrenched They will have to be provided for elsewhere on their present grade pay

4 It is further proposed that the pay of the Head Draftsman of this office may be distributed between the Trust Board and the Municipality as shown in the accompanying statement The Municipal Office Draftsman may be found an appointment elsewhere as the Head and Assistant Draftsman of the Trust Board could attend to Municipal Work as well

5 For the time being no more retrenchment seems possible With the experience and knowledge gained during the rest of the official year, further retrenchment will be suggested, if possible

The Chief Secretary

SIR,

With reference to your letter No L 1426 dated 1st October 1927 stating in connection with the retrenchment of the Trust Board establishment that the Municipal Council may be consulted in regard to the proposal that the Municipality should bear a moiety of the salary of the Chairman and the Head Draftsman of the Trust Board and their view forwarded I have the honour to state that the question was considered by the Municipal Council in their Meeting dated the 5th November 1927 and it was resolved as follows -

> " The Council regrets that in view of its present financial condition it is unable to contribute anything more than Rs 250/- towards the salary of the President nor make any contribution towards the salary of the Head Draftsman "

2 This Resolution of the Municipal Council was placed before the Board, and a copy of their Resolution is appended hereto

3 Regarding the salary of the President-Chairman towards which the Municipality will as per the said Trust Board Resolution have to bear a moiety I beg to state that more than half the time of the President - Chairman is devoted to Municipal Work Large sums of money are being contributed every year in the share

of Government grant to the Trust Board, towards Improvement works in the City and the Improvement works undertaken which would necessarily have fallen on the Municipality but for the Trust Board go to enhance the assets of the Municipal Council In these circumstances the Council's inability to contribute anything more than Rs 250/- is considered to be unreasonable by the Trust Board Further much of the important drawing work relating to the Municipality is being attended to in the Trust Board as a matter of necessity and convenience In these circumstances the Trust Board considers that the Municipality should bear half the salary of the Drawing establishment as well

4 My personal views in the matter of retrenchment as conveyed to you in my letter No 282 dated 13th September 1927 were also placed before the Board and their decision on the subject is contained in the copy of the Resolution referred to above

5 Of the two clerical posts resolved to be retrenched one of Rs 45-3-60 is already vacant, the incumbent thereof being on leave preparatory to retirement and it will not be filled up

Correspondence ending with letter No.954 dated 31st January 1928 from the Chairman, City Improvement Trust Board, Mysore, forwarding the views of the Board in the matter of the retrenchment of the Trust Board Establishment.

Order No L. 5333-5/Mul 196-26-116

Dated, Bangalore, the 7th March 1928

With a view to ~~bring down by 1/5~~ reducing the cost of the Trust Board Establishment ~~which was complained to be very heavy~~, the Chairman of the Board was asked to consider the feasibility of the marginally noted proposals.

(1) Increase in the share of the salary of the Chairman (President) by the Municipality to one-half

(2) Reduction of 3 Sub Overseers on the Executive Staff

(3) Retrenchment of 4 clerical posts including that of the Manager and

(4) Substitution of a less highly paid draftsman.

After consulting the Municipal Council & the Trust Board, the Chairman has now submitted the final views of the Board in the matter.

2 The Board has considered that the post of Manager and Chief Accountant are necessary and that 2 clerks, one on Rs 45-3-60 and the other on Rs 30-3-45 may be retrenched It is also stated that of the 2 clerical posts, one on Rs 45-3-60 is already vacant and will not be filled up The proposal of the Board in regard to the clerical establishment is approved

3 The Board have resolved that the existing Sub Overseers may be kept on for

or e pr-sen overnmen

necessity for so many ~~Sub Overseers for~~ in a small ~~area like the Mysore City and for a~~ Senior Sub Overseer where there is an Engineer at the head ~~the~~ one appointment of ~~the~~ Senior Sub Overseer ~~on Rs 80-5-100~~ and desire that action be taken accordingly ~~will therefore be done away with~~

(2) The Municipal Council have resolved that in view of ~~its~~ the present financial condition ~~it~~ they are ~~is~~ unable to contribute anything more than Rs 250/- towards the salary of the Chairman - President and ~~it~~ they cannot make any contribution towards the salary of the Head Draftsman,

(3) The Trust Board ~~have~~ however considered that the Municipal Council should bear half the cost on account of the salary of the Chairman - President and of the Drawing Establishment

In regard to this it is observed that a good deal of the time of the Chairman President is devoted to Municipal work and ~~the Municipal Council is benefitted by Board's assets are enhanced by the improvement works executed by the Trust Board out of the funds given to them by Government.~~ Govt therefore do not see any reason why the Municipal Council should not increase its share towards the salary of the Chairman-President In modification of G O No 1049-51/3 B 72-24-2 dated 31st October 1924 Government are pleased to direct that half the salary of the Chairman-President be borne by the Municipal Council

(4) As regards the Drawing Establishment it

is

important
is found that much of the ~~improvement~~
drawing work relating to the Municipality
~~is being attended~~ to in the Trust Board
as a matter of necessity and convenience
The Municipal Council should therefore
bear half the cost of this establishment

2 The Board consider that the post of Manager and Chief Accountant is necessary and that two Clerks one on Rs 45—3—60 and the other on Rs 30— —45 may be retrenched It is also stated that of the two clerical posts one on Rs 45—3—60 is already vacant and will not be filled up The proposal of the Board in regard to the clerical establishment is approved

3 The Board have resolved that the existing Sub Overseer may be kept on for the present Government do not however see any difficulty in abolishing on appointment of a Sub Overseer and desire that action be taken accordingly

4 The Municipal Council have resolved that in view of the present financial condition they are unable to contribute anything more than Rs 250 towards the salary of the Chairman President and that they cannot make any contribution towards the salary of the Head Draftsman The Trust Board however consider that the Municipal Council should bear half the cost on account of the salary of the Chairman President and of the Drawing Establishment

In regard to this it is observed that a good deal of the time of the Chairman President is devoted to Municipal work and Government therefore do not see any reason why the Municipal Council should not increase its share towards the salary of the Chairman President In modification of Government Order No 1049 51—C B 72 24 2 dated 21st October 1924 Government are pleased to direct that half the salary of the Chairman President be borne by the Municipal Council

5 As regards the Drawing Establishment it is found that much of the important drawing work relating to the Municipality is being attended to in the Trust Board as a matter of necessity and convenience The Municipal Council should therefore bear half the cost of this establishment also
